Elementary Education Office of Messinia Division**

Summer Academy 2017 in the frame of the Ecomedia European network as regards the use of ICT in Education

1. General Information

Summer Academy 2017 will be a mini conference which is going to focus on a Learning Management System (**LMS**), a simple computer programming language and Educational Robotics and will be held in Kalamata, Peloponnese (south Greece) from Sunday, 9th July to Sunday, 16th July 2017. The Elementary Education Office of Messinia Division of the Peloponnese, in which Kalamata is located, has undertaken the organization of the seminar.

The modules which are going to be taught are as follows:

- Creation of "digital lesson plans" with LAMS software (LAMS) (<https://www.lamsfoundation.org/index.htm>)
- Programming for Android phones or tablets with App Inventor 2 (App. To be used in combination with recipes for traditional foods during the seminar)
- Introduction to Educational Robotics with Lego Mindstorms
- Practical workshops

There will be transfer for the delegates to and from the session venues upon request. Moreover, a gala dinner will be organized on the last day of this mini conference (info. Will be provided)

2. Accommodation

Due to the high touristy season (the famous dance festival of Kalamata will be organized around the dates of the summer academy), it is difficult for the organizers to be provided with hotel offers. As a result of this, please find below some hotel urls in order for you to book in time. Moreover, you can address the contact persons in the **Accommodation** field on the next page if you need help with hotel booking or other kind of assistance.
